10 Ways for Students and Families to Help The Light House

Modified Due to the Current Covid-19 Crisis

1. Make UNBagged lunches using the [criteria on our website](#) and drop them off at The Light House to be distributed to our clients throughout the day. Be sure to [sign-up](#) to receive service hour recognition!
2. Organize a Drive Thru Pantry, non-perishable donation drive in your community and bring the items to The Light House following our donation drop-off guidelines. Instructions, a flyer and donation drop-off guidelines can be requested by contacting the volunteer office, volunteers@annapolislighthouse.org.
3. Put together Wellness kits for The Light House that include fabric masks, hand sanitizer and gloves in a ziploc bag for distribution through our Safe Harbour Resource Center or Drive-Thru Pantry.
4. Raise funds by organizing a peer to peer fundraising campaign via www.justgiving.com/campaign/lighthousehope
5. Donate a week's allowance to help The Light House with everyday expenses.
6. For your next birthday, ask guests to provide a donation to The Light House (non-perishable food items, gift cards, full-sized toiletries, etc.) instead of a gift.
7. Put together personal care kits for our homeless community, including travel-sized soap, shampoo, lotion, toothbrush and toothpaste, wash cloth, etc., and drop them off at The Light House to be used in our Safe Harbour Resource Center.
8. Participate in one of the Annual Holiday Drives including Thanksgiving Boxes or Holiday wish lists and resident gifts.
9. Paint and create Rocks of Hope and Kindness. These palm sized rocks are painted with bright colors and include inspirational words or messages for our residents and clients to read or to take to carry with them.
10. Spread the word and educate others on how or why you help The Light House and the homeless community.
