Story
The COVID-19 public health crisis has presented unique challenges for those struggling with homelessness and poverty.
The Light House provides a place of belonging and hope for our most vulnerable neighbors. Due to the current public health crisis our services will be needed more than ever before as we see an unprecedented increase in individuals and families unable to afford basic needs such as food, adequate housing, and medication. We are prepared to allocate more resources specifically to helping those who will be negatively impacted by this crisis, but your support will be essential to these efforts.
Donate today and be a part of a community that cares for its neighbors during this difficult time.
