10 Ways for Students and Families to Help The Light House

Modified Due to the Current Covid-19 Crisis

1. Make UNBagged lunches using the [criteria on our website](#) and drop them off at The Light House to be distributed to our clients throughout the day. Be sure to [sign-up](#) to participate!
2. Organize a Drive Thru Pantry, non-perishable donation drive in your community and bring the items to The Light House following our donation drop-off guidelines. Instructions, a flyer and donation drop-off guidelines can be requested by contacting the volunteer office, volunteers@annapolislighthouse.org.
3. Organize Wellness kits for The Light House that include fabric masks, hand sanitizer and gloves in a ziploc bag for distribution through our Safe Harbour Resource Center or Drive-Thru Pantry.
4. Organize Housewarming Kits for those transitioning from out of The Light House. These kits include items for the kitchen, bathroom, bedroom, cleaning supplies and miscellaneous items.
5. Donate a week's allowance to help The Light House with everyday expenses.
6. Raise funds by organizing a peer-to-peer fundraising campaign via www.annapolislighthouse.org/fundraise
7. Put together Personal Care Kits for our homeless community, including travel-sized soap, shampoo, lotion, toothbrush and toothpaste, wash cloth, deodorant, Chapstick & hand sanitizer
8. For your next birthday, ask guests to provide a donation to The Light House (non-perishable food items, gift cards, full-sized toiletries, etc.) instead of a gift.
9. Paint and create Rocks of Hope and Kindness. These palm sized rocks are painted with bright colors and include inspirational words or messages for our residents and clients to read or to take to carry with them. Please maximum 10 rocks per child or family.
10. Spread the word and educate others on how or why you help The Light House and the homeless community. Our website has lots of great information about our programs and how we serve our community!
